Grading Policy

- Preparation (10%)
- Quiz: 5% (mid) + 15% (final)
- Lab (40% + 10% bonus)
- Final project (30%)
 - Proposal presentation (5%)
 - Demo & presentation (15%)
 - Write-up (10%)

Lab

- Anything unclear? Please leave comments on the lab pages
- Lost? See test cases (e.g., `grade-*` scripts)
- Find your team mates to work together
- Ask TAs for help (e.g., debug your code)

Final Project

- Don't overly ambitious!
- Limit the scope and set the goal!
- Focus on 'demo'
- Work together if you have similar interests

Tutorial Sessions

- No deadline on previous tutorials (take as long as you want)
- We will focus more on labs (except 1-2 sessions)
- Individual tutorial/help on labs

Next Week (tutorial)

- Group discussion on pre-proposals (find mates!)
- Feel free to revise your pre-proposal once more
 - Will be shared with other students (next Monday)
 - In the group, each student appeals for 5 min (next week)

Today: Exam (again)!

- again, by group
- $\text{score} = |\text{original score}| + 50\% * |\text{new score}|$
- if you got >100pt in the first exam, you will give you the bonus pt
